

## King Jawa Vs Awesome Ninja! A discussion of sorts.

Okay, so it's an unmasked ninja in plain clothes...just go with it.

King Jawa (KJ): "luke skywalker's brother has a third nipple"

Awesome Ninja (AN): "You mean Leia was a dude?"

KJ: "there was a third baby that was aborted and thought to have died. It was taken in by Jawas and because of the mechanical pollution in the sandcrawlers, while growing up he became somewhat deformed. Eventually he grew up to be the Jawa King."

AN: "So a retarded midget is the king of the Jawas."

KJ: "He's not retarded, just somewhat deformed. He's a little bigger than a typical Jawa and the only one to wield a light saber, but of course it's made out of scrap and many times it fizzles out after a minute or two."

AN: "What tha' hell is he doing with a light saber anyways?"

KJ: "hey, he is kin to Jedi, just a reject, that's all. He's only got 10% of the MightyChloride Bugs Liea/Luke have."

AN: "How can he be a reject if he didn't get exposed to the Jedi?"

## King Jawa Vs Awesome Ninja! A discussion of sorts.

KJ: "he's not really a Jedi, just a wannabe that has watched a lot of news clips on the internet of the sandcrawler computers while growing up."

AN: "I see..."

KJ: "Now, what do you think about Star Wars Celebration V in Orlando, FL.?"

AN: "STAR WARS CELEBRATION 5 IS IN ORLANDO AUGUST 12 TO 15 OF 2010!!!!!!"

KJ: "if celebration comes to Orlando in august we'll need to adjust the storm names to reflect star wars ones, Anakin, Beru, C3PO, Darth,"

AN: "the Jawa King "thwarted" the infiltration with his broken down plightsaber (the color is kind of transparent because he can't get enough power to emit a full force beam). He repelled the attack by hitting awesome ninja (A.N.) in the head with a broken droid arm after A.N. tripped on a bunch of space junk. Then the jolly band of Jawas bit him all over the legs before he was able to gain footing again to escape. A.N. did manage to snap a few necks though."

KJ: "50% credit! Hahahahahahah! That was funny!"
